The board of Stichting Keurmerk Bloembollen Holland (Quality Mark Foundation) herewith declares that

Kapiteyn B.V.

participates in the Quality Mark Foundation for the year 2019. The participant has to fulfil the quality standards of the foundation in order to be able to give a 100% quality guarantee at the flowerbulbs he offers. The participant has to meet the regulations of the foundation at amongst others the following:

- The flowerbulbs have a 100% quality guarantee;
- The flowerbulbs have a correct and optimum flowering size, as stated at the package;
- The bulbs fulfil the demands on health and quality;
- The bulbs are delivered true to name, cultivar/variety and colour, as stated at the package;
- Possible complaints from consumers will be handled sufficiently, according to the guidelines of the foundation.

The quality management system is frequently being checked by an official and independent inspector. In case bulbs or samples do not meet the regulations of the foundation, a formal procedure will follow.
